

IMAGINE...YOU ARE A DOCTOR.

There are 3 people who need blood.

A newborn facing complications.

A teenage crash victim.

A grandfather awaiting a heart transplant.

**But San Diego's blood supply is so low,
there isn't enough for everyone.**

**So you have to decide,
who will get blood... and who won't.**

Now, imagine this is your baby.

**Give the Gift of Life.
Donate Blood Today.**
